

# Ecological Restoration Skills Training

(Beginner and Intermediate skills for volunteer crew leaders, industry staff, and anyone interested in advancing their restoration skills)

April 1-2, 2017 (full day each day)

## Training Overview

**DAY 1:** A variety of hands-on sessions will impart fundamental skills and knowledge in seeding, transplanting, willow harvest and installation, basic erosion control.

**DAY 2:** Bioengineering, intermediate erosion control, seed mix and plant palette development, zoning plants in the field; and crew management for quality.

## WHERE

Estes Valley (Larimer County, CO). About 10 minutes outside of Estes Park. Directions will be provided to registered trainees. Plenty of hotel and camping options available.

## REGISTRATION AND MORE INFO

Cost: \$50 (volunteers and students), \$100 (agency and industry staff). For additional information, or to register, send an email to [john@synergy3.org](mailto:john@synergy3.org) or call 970-420-7346. [www.synergy3.org](http://www.synergy3.org).

## INSTRUCTORS

Dan Williams (Volunteers for Outdoor Colorado), Greg Holman, Molly Mills (Estes Valley Watershed Coalition), David Bidelspach (5SSR), and Randy Mandel (Great Ecology), and John Giordanengo (Synergy Ecological Restoration).

## THANKS SPONSORS!!

A big thanks to the Estes Valley Watershed Coalition and their partners for hosting us for this training, and to the partners below for providing invaluable resources to make this training possible!
